My boat has a:

Wing keel: ☐

Catalina 250 Wing Keel and Water Ballast

The centerboard model has a water ballast tank and a fiberglass adjustable centerboard, whereas the wing keel uses the mass of the lead alloy keel as ballast. Though the interior cushion layout is similar, there are subtle differences in the shapes of the cushions.

IMPORTANT NOTES:

Snap locations are not guaranteed to match the original cushion's snaps due to numerous changes to boats and cushion patterns over the years. For your convenience additional male snaps are included for you to install on your boat as desired to match the new cushion's female snaps. Leave the old snaps in place, hidden behind the cushions, where no one will mind.
